

2025 3Q Report of the Implementation of the Deep and Comprehensive Free Trade Area Agreement (DCFTA) between Georgia and the European Union and other commitments beyond it

Activity	Output Indicator	Source of Verification	Responsible Institution	Partner Institution	Implementation Report
Goal 1.	Further improvement in the field of trade statistics				
Objective 1.1	Calculation of Foreign Trade Indices (Export-Import Unit Value Indices)				
1.1.1. Recalculation of imported goods value from CIF-type (Cost, insurance and freight) to FOB- type (Free on board)	The value of imported goods is calculated in FOR-type as well as CIF-type.	Statistical data about FOB-type value of imported goods are presented on the website: www.geostat.ge	National Statistics Office of Georgia	National Bank of Georgia	A methodology for calculating imported goods' value from CIF (Cost Insurance and Freight) prices to FOB (Free on Board) prices has been developed. Preparatory work is underway to calculate test data (development of a questionnaire and selection of enterprises).
1.1.2. Introduction of the HS 2022 Commodity Nomenclature of Foreign Economic Activities in International Trade in Goods	Foreign trade statistics published in HS 2022 nomenclature	Geostat website: www.geostat.ge	National Statistics Office of Georgia		Work is ongoing to introduce an updated version of the commodity nomenclature of foreign economic activities (HS 2022).
Goal 2.	Promoting exports to the EU				
Objective 2.1.	Diversification of export products within the EU				
2.1.1 Promoting the participation of Georgian companies in international events, exhibitions and trade missions in EU countries	Number of exporting companies participating in international events, exhibitions and trade missions in EU countries; Number of international events, exhibitions and trade	Annual Report of Enterprise Georgia Enterprisegeorgia.gov.ge	LEPL-Enterprise Georgia		In the nine months of 2025, with the support of agency Georgian small and medium businesses participated in 8 international exhibitions in Germany, Italy and France. In total, during the first nine months of 2025 the agency co-financed 46 cases of Georgian companies' participation in the above-mentioned events. Additionally, 35 new contracts were signed for participation in events held in EU countries under the framework of the Individual Expo Grant Program.

Georgia and the European Union and other commitments beyond it

Activity	Output Indicator	Source of Verification	Responsible Institution	Partner Institution	Implementation Report
	missions in EU countries - 8				
Objective 2.2.	Improving access to finance for small and medium-sized businesses				
2.2.1. Support to the small and medium entrepreneurship within the programme of co financing of interest rate on loan/lease	Number of co-financed enterprises - 360	Annual Report of Enterprise Georgia enterprisegeorgia.gov.ge	LEPL-Enterprise Georgia		As of third quarter of 2025, 290 loans/leases were approved for 257 enterprises within the universal program, with the total amount of GEL 206 mln. The projects entail investments of GEL 394 mln and plan to create more than 2,600 jobs.
Objective 2.3.	Development of small and medium business export opportunities				
2.3.1. Training of export managers of small and medium businesses	Number of certified export managers - 50	Annual Report of Enterprise Georgia enterprisegeorgia.gov.ge	LEPL-Enterprise Georgia	Selected higher educational institution	As of the third quarter, one export manager certification course was held, through which 21 export managers were trained.
2.3.2. Implementation of technical assistance program for export promotion.	Number of supported export-oriented companies - 20	Annual Report of Enterprise Georgia enterprisegeorgia.gov.ge	LEPL-Enterprise Georgia		Under the Export stimulation technical assistance program, contracts were signed with 14 beneficiaries in the third quarter of 2025.
2.3.3 Implementation of Lead Generation Program	Number of supported companies - 25	Annual Report of Enterprise Georgia enterprisegeorgia.gov.ge	LEPL-Enterprise Georgia	-	As part of the Lead Generation Program, a questionnaire was sent to potential beneficiary companies, based on which the participating companies will be selected. Within the framework of this program, a foreign consulting company conducts research and analysis of beneficiary companies and, based on their specific characteristics, connects them with foreign buyers. In total, 50 companies, both in agricultural and non-

2025 3Q Report of the Implementation of the Deep and Comprehensive Free Trade Area Agreement (DCFTA) between
Georgia and the European Union and other commitments beyond it

Activity	Output Indicator	Source of Verification	Responsible Institution	Partner Institution	Implementation Report
					agricultural sectors, have benefited from this program..
2.3.4 Implementation of the Mentorship Program	Number of supported companies - 50	Annual Report of Enterprise Georgia enterprisegeorgia.gov.ge	LEPL Enterprise Georgia	-	The mentoring process for up to 120 companies participating in the program is underway. As part of this process, a study tour was conducted during the preparatory period for the children's clothing exhibition (Pitti Immagine Bimbo). The program is implemented with the involvement of international consulting firms — Visionist Institute and Civitta. These companies share knowledge and experience with Georgian entrepreneurs on the specifics of B2B meetings held in international markets, sales techniques, and other important components.
Goal 3.	Legislative and institutional approximation with relevant EU legislation and best practice in the field of technical barriers to trade				
Objective 3.1.	Elaboration of legislation that Georgia has undertaken to approximate in accordance with Annex III-A to the Association Agreement				
3.1.1. In accordance with the EU 2024 Enlargement Report, develop a strategy in the areas of standards, conformity assessment, accreditation, metrology and market surveillance with the aim of approximating Georgian legislation to that of the European Union	Developed strategy	Legislative Herald of Georgia - matsne.gov.ge	Ministry of Economy and Sustainable Development	Ministry of Economy and Sustainable Development	On April 17, 2025, by order of the Minister, an interagency working group was established to develop a strategy document on the approximation of legislation with the European Union in the areas of standards, conformity assessment, accreditation, metrology, and market surveillance. The initial draft of the strategy has been prepared and further work is underway on it.

Activity	Output Indicator	Source of Verification	Responsible Institution	Partner Institution	Implementation Report
3.2.6 Maintaining the recognition of the European Accreditation Cooperation (EA) and fully integrating the Accreditation Center into the daily activities of EA	Number of EA workshops and technical committees organized in Georgia Organization of EA MAC meeting in Georgia	Accreditation Center website www.gac.gov.ge EA website https://european-accreditation.org/about-ea/who-are-we/	LEPL - Georgian National accreditation body – Accreditation Centre	Ministry of Economy and Sustainable Development of Georgia	Organisation of the event is underway. A relevant web-page for the registration of participants has been prepared and distributed among MAC member organizations. From May 6 to 8 of the current year, the Accreditation Center hosted the 52nd meeting of the Multilateral Agreement Council (MAC) of the European co-operation for Accreditation (EA). The meeting was attended by more than 60 representatives from accreditation bodies of 45 countries, including EU Member States, members of the European Free Trade Association, and EU candidate countries. The Deputy Director General of the Georgian Accreditation Center was elected to the EA Multilateral Agreement Council's (MAC) Management Group. The main responsibilities of the group include preparing topics for discussion at MAC meetings and participating in peer evaluation processes among EA members. The Accreditation Center's representative was elected to serve in the group for a term of three years. Based on their areas of competence, staff of the Accreditation Center were fully involved in the work of EA committees. In particular, during the first and second quarters of 2025, representatives of the Accreditation Center participated in the following meetings: • EA Horizontal Harmonization Committee (HHC), held in Brussels, Belgium on March 5–6; • EA Horizontal Harmonization Committee (HHC), held in Brussels, Belgium, on September 10-11;

					• The EA non-scheduled General Assembly, held in Brussels, Belgium, on 12th September; • EA Inspection Committee, held in Budapest, Hungary on March 18; • EA Inspection Committee, held in Brussels, Belgium on September 18-19 • EA Certification Committee, held in Budapest, Hungary on March 19–20; • EA Certification Committee, held in Brussels, Belgium on September 16-17; • EA Laboratory Committee, held in Bratislava, Slovakia on March 26–27; • EA Laboratory Committee, held in Brussels, Belgium on September 24-25; • EA Environmental Protection Working Group meeting, held online on April 8–9; • EA General Assembly, held in Turkey on May 20–22; • EA Certification Committee Food Working Group meeting, held in Ankara, Turkey on June 3–4. A meeting of quality managers from EA member countries was held online on September 2 of this year. The purpose of the meeting was to share experiences and discuss challenges and risks related to the activities of quality management.
Objective 3.3.	Facilitate the training and adaptation of stakeholders, including economic operators for the implementation of related legislation				
3.3.1. Organizing meetings/seminars in Tbilisi and regions for interested parties, including small and medium-sized entrepreneurs, on the approximation of	At least 5 meetings /seminars to be held	DCFTA implementation report www.dcfta.gov.ge	LEPL – National Agency for Standards and Metrology of Georgia (GEOSTM) LEPL – Georgian	Ministry of Economy and Sustainable Development of Georgia	On February 28, 2025 in Rustavi, and on March 21 in Gori, within the framework of the PTB project, an awareness-raising seminar was held on the topic: “Quality Infrastructure and Its Role in Business Development”, where employees of the Agency’s Standards Department and the Institute of Metrology, together with representatives of the LEPL Market Supervision Agency and the Unified National Accreditation Body - Accreditation Center, provided

2025 3Q Report of the Implementation of the Deep and Comprehensive Free Trade Area Agreement (DCFTA) between
Georgia and the European Union and other commitments beyond it

Activity	Output Indicator	Source of Verification	Responsible Institution	Partner Institution	Implementation Report
quality infrastructure with the EU			National accreditation body – Accreditation Centre; LEPL Market surveillance agency		interested parties with information about the services available in the relevant field, news, future plans, and more. • On February 20-21, 2025, representatives of the LEPL Georgian National Agency for Standards and Metrology participated in the UNECE (United Nations Economic Commission for Europe) project “Enabling Inclusivity by Mainstreaming Gender Throughout the Quality Infrastructure for Trade”. • In February and March 2025, meetings were held with accredited laboratories in the fields of pressure, mass, temperature, and electricity, where representatives of the Agency's Metrology Institute shared information on international calibration guidelines with them. In total, both events were attended by representatives of about 60 organizations. On September 23, 2025, an awareness-raising event and panel discussion on certification schemes — ISO 9001, GLOBALG.A.P, and BRCGS — was held. The event was organized by the Accreditation Center with the support of the German Metrology Institute (PTB). It brought together leading European experts, business associations, representatives from various ministries, and members of the private sector, in total the event were attended more than 60 participants from those organisations. Participants received comprehensive information on the significance of certification schemes, which help improve product quality and safety, facilitate access to international markets, and enhance overall competitiveness. During the event, participants also discussed those

					national standardization bodies of the Eastern Partnership countries (EAP) presented their established practice on the issues of the establishment, formation, functioning and decision-making of the Standardization Council, as well as representatives of the national standardization bodies of Poland and Romania and an expert from the International Organization for Standardization (ISO) shared their experience with the participants at the meeting. Within the reporting period, the employees of the Accreditation Center participated into the two events to improve their qualifications. The first one was held in Tbilisi and covered the topics related to accreditation of proficiency testing providers. Within the framework of the project, it is planned to develop an information manual related to the role of the organizations providing proficiency testing. Prepared manual will provide information to all accredited organizations how and why should they use proficiency testing services. Within the framework of the second event, the employees of the Accreditation Center were in the Republic of Moldova, where, together with representatives of the Eastern Partnership countries of the European Union, they participated into the discussions related to define priority directions for the accreditation systems in the coming years. Both events were funded by the German Federal Institute of Metrology. Within the framework of cooperation with the German Metrology Institute (PTB), an online seminar

					•Prior notices of import of 3996 Construction products; •Prior notices of import of 2949 Machinery products; •Prior notices of import of 899 PPE products; •Prior notices of import of 3464 toys; •Prior notices of import of 1949 appliances burning gaseous fuel; •63 ordinances were issued on the restrictive measures; •89 ordinances were issued on the imposition of a penalty;
3.5.2 Conducting the market surveillance and issuing relevant recommendations by the Agency in the recently approximated areas	Number of inspections performed (documentary and technical)	DCFTA Implementation Report www.DCF TA.gov.ge	LEPL-Market Surveillance Agency		This activity is planned to be implemented in the fourth quarter of this year.

2025 3Q Report of the Implementation of the Deep and Comprehensive Free Trade Area Agreement (DCFTA) between
Georgia and the European Union and other commitments beyond it

Activity	Output Indicator	Source of Verification	Responsible Institution	Partner Institution	Implementation Report
Goal 4.	Promoting trade in products subject to sanitary and phytosanitary measures and protecting the life or health of humans, animals and plants				
Objective 4.1.	Improvement of sanitary and phytosanitary, animal welfare and other legislative measures				
4.1.1. Approximation of Georgia's legislation to the relevant EU legal acts in accordance with Annex XI- B of the Association Agreement	Georgia's legislation is approximated to 16 EU legal acts, referred to in Annex XI-B;	Annual report on the implementation of the action plan for the implementation of the DCFTA; dcfta.gov.ge	Ministry of Environmental Protection and Agriculture of Georgia	LEPL National Food Agency	1. Implementing Decision 2012/697/EU was repealed and replaced by Regulation (EU) 2024/2013, on the basis of which a draft Resolution of the Government of Georgia "On restrictive measures to prevent the introduction and the spread within the county of the snails of the genus Pomacea" was prepared, which was sent to the relevant agencies for approval and further progress in the formation of the final version. 2. On the basis of Directive 2003/91/EC, a draft Resolution of the Government of Georgia "On approval of the procedure for conducting tests on distinctness, uniformity and stability of new varieties of animals and/or plants" on amendment to Resolution of the Government of Georgia N587, dated on December 23th 2022 was prepared, which is subject to agreement with the relevant agency (LEPL Scientific-Research Center of Agriculture (SRCA). 3. It is no longer necessary to develop a project based on Directive 93/50/EEC, since, in agreement with the Department of European Integration, the requirements of this directive meet the requirements established by Georgian legislation. 4. It is no longer necessary to develop a new project based on Regulation (EU) 2020/1740, since the requirements of this regulation are already reflected in our legislation (Resolution of the Government of Georgia No. 22 of January 13, 2020 "On Approval of

Goal 7.					
Objective 7.1.					
7.1.1. Implementation of legislative changes in the field of public procurement in accordance with the Annexes, XVI-C, XVI-D, XVI-E, XVI-F, XVI-G XVI- H, XVI-I, XVI-J, XVI-K of the Association Agreement	Adopted legislative amendments	The Legislative Herald of Georgia matsne.gov.ge	LEPL SPA, Ministry of Economy and Sustainable Development LEPL PPP Agency		In order to fully harmonize the new Law with the EU directives, an in-depth analysis of the final recommendations and remarks expressed by the European Commission’s DG GROW and DG DEFIS directorates are underway, along with the conduct of relevant consultations with various state institutions. Prior to the entry into force of the new Law on Public Procurement, the Agency is engaged in bringing the existing Law on State Procurement into conformity with the EU Directives. In particular, it has been determined to introduce amendments to the current law in order to preliminarily incorporate certain provisions from the new Law on Public Procurement. According to the obligations under the Association Agreement signed between Georgia and European Union, the State Procurement Agency has started the approximation process with the EU Utilities Directive. For this purpose, within the framework of the EU-funded AA Facility Implementation project, an international expert prepared a draft law aimed at legal approximation with the EU utility Directive. In order to fully approximate the draft law with the EU Utilities Directive, all the remarks made by OECD/SIGMA experts have been reflected in the draft law. Currently, the State Procurement Agency (SPA) is working to incorporate the remarks made by the DG GROW of the European Commission into the draft law.

7.1.2. Development of secondary legislation - subordinate normative acts based on the Law on Public Procurement	Drafted relevant secondary legislation - subordinate normative acts	procurement.gov.ge; spa.ge	LEPL SPA		As a result of active efforts of the State Procurement Agency and with the support of an international expert, 33 subordinate normative acts have been elaborated under the Law of Georgia on Public Procurement, which will take effect as of January 1, 2027. In order to align these normative acts with the EU directives and to address the remarks made by the European Commission a working group has been established. According to the requirements determined by the Law of Georgia on Personal Data Protection and Law of Georgia on Public Procurement and its normative acts, SPA has adopted a Policy Document on Personal Data Protection. The objective of the Policy Document is to ensure that personal data processing/protection within the Georgian E-procurement system is carried out pursuant to the law, in line with the best European practices and in compliance with the norms prescribed by law and contemporary requirements. On July 9, a working meeting with the organizations responsible for Extended Producer Responsibility (EPR) was held as part of the working group on the business sector under the Environmental Protection and Natural Resources Committee of the Parliament of Georgia. Among other topics, participants underscored the need for coordinated efforts in the development of a subordinate normative act aimed at ensuring Sustainable Public Procurement in line with the Law of Georgia on Public Procurement.

7.1.3. Based on the law on Public Procurement, developing of manuals, methodological guidelines and instructions	Published methodological guidelines, manuals and instructions	E-Newsletter of the SPA; procurement.gov.ge; spa.ge	LEPL SPA		State Procurement Agency consistently pursues to develop new manuals, methodological guidelines, and instructions that aim to raise awareness of new procurement procedures and instructions, as well as new provisions for both economic operators and contracting authorities.
Objective 7.2.	Modernization of the unified electronic system of public procurement				
7.2.1. Development of new e-services, procedures and tools of the Unified System of Public Procurement (e-Procurement)	Additional services, e-modules and opportunities introduced in the Unified System of Public Procurement;	Test mode of the Modernized Unified System of Public Procurement (e-Procurement; Electronic Government procurement system); Annual Report of the State Procurement Agency; E-Newsletter of the SPA; procurement.gov.ge; spa.ge	LEPL SPA	LEPL Digital Governance Agency of the Ministry of Justice; LEPL Financial-Analytical Service of the Ministry of Finance	Development of new e-services, procedures and tools of the Unified System of Public Procurement (e-Procurement) has been continuously ongoing. It envisages to further advance existing electronic system and ensure adoption of best European practices. A questionnaire for evaluating trainings and trainers has been added to the training center's examination program. Further efforts are made to develop diagram visualizations of the results and statistics. Taking into account the best European practices, a new digital market research module has been introduced in Georgian e-Procurement system. This enables procuring entities to conduct market research directly within the electronic system, thereby further facilitating the efficient conduct of Georgian public procurement over time. In addition, Training Center's evaluation questionnaire was updated, browser management was restored and the process of upgrading and rewriting the new website, emarket.spa.ge, has commenced.

					Conference organized by Junior Achievement Georgia. The event aimed to deepen cooperation between educational institutions, businesses, and local organizations, and to enhance access to education. The conference also focused on equipping youth with skills necessary for the labour market and supporting them in establishing their own social enterprises. On June 2, 2025, pupils of Tbilisi Kindergarten №30 visited Sakpatenti. The event was implemented within the Memorandum of Cooperation signed between Sakpatenti and the Kindergarten Management Agency of Tbilisi and was dedicated to the International Children’s Day. On June 3, 2025, Sakpatenti participated in the Bolnisi Protected Designation of Origin Wine Festival, which took place for the third time with the slogan “Bolnisi – the Town of Golden Wine”. At the festival, more than 60 wineries from different regions of Georgia were represented, including wines of appellations of origin of large producers, small and medium-sized enterprises and family-owned wineries. The festival aims to popularize wines marked with appellations of origin, demonstrate the advantages of wines having this status and raise public awareness about them. On June 16, 2025, Sakpatenti participated in the graduation event of school-age pupils of Batumi municipal kindergartens. Within the event, a Memorandum of Cooperation was signed between the National Intellectual Property Center of Georgia

Georgia and the European Union and other commitments beyond it

Activity	Output Indicator	Source of Verification	Responsible Institution	Partner Institution	Implementation Report
					and Batumi Kindergartens Union. Mr. Soso Giorgadze, Chairman of “Sakpatenti” handed over to Batumi kindergartens the fairy tales created on the topic of intellectual property, which contain funny stories on intellectual property subject-matters and are of cognitive character. From June 30 to July 4, 2025, a 5-day summer camp “Intellectual Property and Innovations” was held in the village of Misaktsieli, Mtskheta Municipality. The event was organized by: the National Intellectual Property Center of Georgia – “Sakpatenti”, the Municipal Department for Culture, Education, Sports, and Youth Affairs of Tbilisi City Hall and N(N)LE “Tbilisi Sports and Youth Center”. 37 winners of the National Educational Olympiad, aged 15-18, participated in the event. The program of the camp was aimed to introduce to the teenagers the intellectual property field. On July 21-25, 2025, the International “ELSA Summer School on Intellectual Property Law” was held in cooperation between Sakpatenti and the European Law Students’ Association Georgia (ELSA). 24 students of the Faculty of Law from various European universities participated in the Summer School. On September 29 to October 3, 2025, the International Advanced Certificate Training Program on Geographical Indications of Sakpatenti and the World Intellectual Property Organization (WIPO) was held, in which representatives from 17 countries

					participated. The course was led by international and local experts. Ultimately, implementation of the program helps popularization and positioning of Georgia in international professional circles
8.4.2. Publication of information booklets and flyers	Number of published information materials	Published booklets and flyers	LEPL National Intellectual Property Center of Georgia – “Sakpatenti”		During the reporting period (January - September), the publication and printing of informational and educational materials continued. Namely, in total, 6689 items of informational materials were printed: 1. Journal “Georgian Appellations of Origin and Geographical Indications” (English version) – (21X27, 160 pages) - 144 copies; 2. Booklet “Creative Diary” – (A4, 28 pages) - 65 copies; 3. Booklet “Registered Appellations of Origin in Georgia” (A4, 40 pages) – 200 copies 4. Small-format brochure fairy tale “Umbrella” (A5, 16 pages) – 1500 copies; 5. Small-format brochure fairy tale “Washing Machine” (A5, 16 pages) – 1500 copies; 6. Small-format brochure fairy tale “Compass” (A5, 12 pages) – 1500 copies; 7. Small-format brochure fairy tale “Doremus Solasi” (A5, 12 pages) - 1500 copies; 8. Booklet “The History of the Creation of Lego” (A4, 4 pages) – 40 copies; 9. Information sheet “How much time has passed since the emergence of intellectual property from ancient times to the present day?” – A3, 40 copies. 10. Children’s collection “Stories of the Sun’s House” (A4, 24 pages) – 200 copies.
Objective 8.5.					

2025 3Q Report of the Implementation of the Deep and Comprehensive Free Trade Area Agreement (DCFTA) between
Georgia and the European Union and other commitments beyond it

Activity	Output Indicator	Source of Verification	Responsible Institution	Partner Institution	Implementation Report
8.5.1. Conducting workshops and seminars for owners of intellectual property rights and stakeholders to raise awareness	Number of workshops and trainings for owners and stakeholders (at least 3 trainings/seminars and/or working meetings);	Sakpatenti.gov.ge	LEPL National Intellectual Property Center of Georgia – “Sakpatenti”		The activity is planned to be implemented by the end of 2025
Objective 8.6.	Intellectual property legislation harmonization with EU’s standards				
8.6.1. Harmonization of the Law of Georgia “On Design” with Directive 98/71/EC of the European Parliament and of the Council of 13 October 1998 on the legal protection of designs	Preparation of Draft Law of Georgia “On Making Amendments to the Law of Georgia “On Design” and submission to the Government for initiation	Annual report on the implementation of the DCFTA National Action plan dcfta.gov.ge	LEPL National Intellectual Property Center of Georgia – “Sakpatenti”		The draft law of Georgia on Amendments to the Law of Georgia 'On Design' was sent to the Administration of the Government of Georgia for consideration on March 27, 2025, and is currently undergoing approval procedures with the ministries. The package was approved by the Government of Georgia and submitted to the Parliament of Georgia for consideration, where, on June 17 of this year, the package was considered and supported by the Sector Economy and Economic Policy Committee of the Parliament of Georgia, and on June 23 - by the Committee of European Integration. As of today, the package is ready for consideration by the Culture Committee of the Parliament of Georgia (leading committee), after which it will be submitted to the plenary session of the Parliament for consideration for the first reading.
8.6.2. Preparation of Gap analysis and draft amendments to be made to the Law in order to approximate the Law of Georgia	Preparation of Gap analysis document. Preparation of the Draft Law of Georgia	Annual report on the implementation of the DCFTA National Action plan	LEPL National Intellectual Property Center of Georgia –		At this stage a draft comparative analysis (Gap Analysis) has been prepared, which includes detailed assessment of the compliance of Georgian legislation with EU directives. Currently, in order to bring the legislation of Georgia into line with the EU standards, a draft amendment to the Law of Georgia on

2025 3Q Report of the Implementation of the Deep and Comprehensive Free Trade Area Agreement (DCFTA) between
Georgia and the European Union and other commitments beyond it

Activity	Output Indicator	Source of Verification	Responsible Institution	Partner Institution	Implementation Report
“On Copyright and Related Rights” with the EU legislation related to protection of copyright and related rights	“On Making Amendments to the Law of Georgia “On Copyright and Related Rights” and submission to the Government for initiation	dcfta.gov.ge	“Sakpatenti”		Copyright and Related Rights has been prepared, by means of which the recommendations will be reflected in the Law and the legislation of Georgia will be harmonized with Directive 2019/790/EU on Copyright and Related Rights in the Digital Single Market in that part that concerns the determination of the liability of intermediary service providers for acts infringing copyright, related rights and rights of makers of databases and the grounds for exemption from liability. The draft aims to introduce into Georgian legislation modern standards and approaches provided for by EU legislation regarding enforcement of copyright and related rights on the Internet. In the process of preparation of the draft Law, Directive 2000/31/EC of the European Parliament and of the Council (Electronic Commerce Directive) was also used. The draft Law of Georgia on amendments to the Law of Georgia on Copyright and Related Rights was sent to the Administration of the Government of Georgia for consideration on April 8, 2025. The draft was approved by the Government of Georgia and submitted to the Parliament of Georgia for consideration, where, on June 20 of this year, the draft was considered and supported by the Human Rights and Civil Integration Committee, and on June 23 of this year - by the Committee of European Integration. As of today, the draft is ready for consideration by the Committee on Culture of the Parliament of Georgia (leading committee), after which it will be submitted to the plenary session of the Parliament for consideration for the first reading.

2025 3Q Report of the Implementation of the Deep and Comprehensive Free Trade Area Agreement (DCFTA) between
Georgia and the European Union and other commitments beyond it

Activity	Output Indicator	Source of Verification	Responsible Institution	Partner Institution	Implementation Report
Goal 9.	Develop competition and trade remedy fields in line with EU best practices				
Objective 9.1.	Raising awareness on competition policy and trade remedies among public and private sector representatives				
9.1.1. Organizing seminars and meetings on the current issues of competition policy	Number of seminars and information meetings held (at least 3)	Annual report of the agency, www.gcca.gov.ge	LEPL Georgian Competition and Consumer Agency		In the nine months of 2025, with the organization of the Agency and the support of the Ministry of Education, Science, and Youth, representatives of the Agency held 19 meetings across Georgia in 19 different public schools. These meetings aimed to raise public awareness of competition and consumer protection policy and were conducted for students from ethnic minorities, persons with disabilities, and those living near the occupation line. Additionally, in the field of competition and consumer protection policy, 4 more meetings were held with students from the National University of Georgia and the Georgian Technical University, members of the European Law Students' Association (ELSA), and participants of the Kvareli youth camp with the support of the Youth Agency.
9.1.2. Organizing seminars and meetings for representatives of the private sector on the use of anti-dumping measures	Number of seminars and information meetings held (at least 1)	Annual report of the agency, www.gcca.gov.ge	LEPL Georgian Competition and Consumer Agency		The activity is planned to be implemented in the fourth quarter of 2025
Objective 9.2.	Improving the qualification of employees				
9.2.1. Organizing trainings / seminars / study visits on current	Number of trainings / seminars / study visits conducted (at least 3)	Annual report of the agency, www.gcca.gov.ge	LEPL Georgian Competition and Consumer Agency		In the nine months of 2025, representatives of the Agency participated in seven events related to current issues in competition policy. Six of these events were organized by international partners – UNCTAD, ICN, and OECD-GVH. Additionally, the Agency's

2025 3Q Report of the Implementation of the Deep and Comprehensive Free Trade Area Agreement (DCFTA) between
Georgia and the European Union and other commitments beyond it

Activity	Output Indicator	Source of Verification	Responsible Institution	Partner Institution	Implementation Report
issues of competition policy					representatives attended a training focused on personal data protection during administrative proceedings, including during investigations.
9.2.2. Raising the qualification of the Agency staff in relation to the use of anti-dumping measures	Number of trainings / seminars / study visits conducted (at least 1)	Annual report of the agency, www.gcca.gov.ge	LEPL Georgian Competition and Consumer Agency		In order to improve their qualifications in the application of anti-dumping measures in 2024, the agency's representatives completed modules of the World Trade Organization (WTO) course (i-trade), which deal with practical aspects of implementing the anti-dumping investigation procedure.
Objective 9.3.	Approximation regulatory acts of competition policy with EU legislation				
9.3.1 Implementing amendments to regulatory legal acts in the field of competition policy (primary and secondary legislation) to ensure harmonization with EU legislation	Amended/Adopted Legal Acts	Georgian legislative herald, Annual report of the agency, www.gcca.gov.ge	LEPL Georgian Competition and Consumer Agency		On June 13, 2025, by a legal act (order) of the Chairman of the Agency, a guidance document on the application of interim (temporary) measures during the investigation of competition cases was approved. This adopted guideline is in line with the EU acquis, including Regulation (EC) No 1/2003 and various communications and case law from the Commission and also reflects the ECN Recommendation on the use of interim measures.
Goal 10.	Promoting sustainable development				
Objective 10.1.	Sustainable management of natural resources and contribution to the conservation				
10.1.1 Conducting research on priority species in the Black	Number of studies carried out within the BlackSea4Fish	Annual implementation of DCFTA action	Ministry of Environmental Protection and	LEPL National Environmental Agency;	Under the framework of the Grant Agreement signed on September 11, 2024, between the Food and Agriculture Organization of the United Nations

Georgia and the European Union and other commitments beyond it

Activity	Output Indicator	Source of Verification	Responsible Institution	Partner Institution	Implementation Report
Sea area (European anchovy, Trachurus, Merling, Black Sea turbot, Rapana, Mullus) within the framework of close and continuous cooperation between the Ministry of Environmental Protection and Agriculture and FAO/GFCM. Research on demersal species across the Black Sea within the framework of the FAO/GFCM BlackSea4Fish project. Start the process of harmonization of hydroacoustic survey methods. Conduct regional trainings within the framework of cooperation with FAO/GFCM	project on relevant fish species, assessment of the degree of uniformity of hydro acoustic survey methods and the success of the process, as a result of the harmonization process, improvement of the monitoring system and standardization of data collection methods. Intensity of cooperation with FAO/GFCM countries and their support for the implementation of the methods, number of meetings and trainings, experience gained	plan Report dcfta.gov.ge	Agriculture of Georgia	State Sub-Agency Department of Environmental Supervision	(FAO) and the National Environmental Agency of the Ministry of Environmental Protection and Agriculture of Georgia, two 4-day marine expeditions were conducted in January-February and May 2025. The expedition involved bottom trawling using a standardized demersal trawl to study populations of red mullet, whiting, turbot, and dogfish in Georgian waters (GSA 29). Biological data were collected on the above-mentioned species, and a database was prepared. The final technical report of the experimental demersal trawl survey was submitted to the GFCM Secretariat and the project coordinators. Apart from the above-mentioned, a hydroacoustic survey of anchovy was conducted, and stock assessment database on biological data of commercial fish was prepared. As a result of the studies carried out on the mentioned priority species within the framework of the BlackSea4Fish project, accurate and up-to-date data on the distribution, number, ecological status, migration and habitats have been accumulated. Common standards for hydroacoustic methods have been developed. GFCM's Data Collection Platform (DCRF) is regularly loaded with all available requested data. On March 4-7, 2025, a working meeting was held in Batumi with the support of the General Fisheries Commission for the Mediterranean (GFCM). The purpose of the meeting was to initiate the harmonization of hydroacoustic survey methods

2025 3Q Report of the Implementation of the Deep and Comprehensive Free Trade Area Agreement (DCFTA) between Georgia and the European Union and other commitments beyond it

Activity	Output Indicator	Source of Verification	Responsible Institution	Partner Institution	Implementation Report
					among Black Sea countries. The event took place at the Batumi office of the LEPL National Environmental Agency, with active participation from the Fisheries, Aquaculture, and Aquatic Biodiversity Department staff. On March 18-19, 2025, staff from the Fisheries, Aquaculture, and Aquatic Biodiversity Department of the LEPL National Environmental Agency participated in a seminar focused on implementing a legislative framework for registering the small-scale fishing (SSF) fleet in Georgia and improving data collection processes. On May 26–30, 2025, specialists from the Fisheries, Aquaculture and Aquatic Biodiversity Department participated in a workshop organized by the General Fisheries Commission for the Mediterranean (GFCM) in Trabzon (Turkey), which focused on methodologies for age determination of whiting (<i>Merlangius merlangus</i>), a Black Sea priority fish species. On June 2–4, 2025, employees of the Fisheries, Aquaculture and Aquatic Biodiversity Department of the National Environmental Agency took part in a technical meeting held in Burgas (Bulgaria), which was organized by the GFCM and dedicated to the implementation of technical measures for turbot (<i>Scophthalmus maximus</i>) fishing in the Black Sea. On June 9–13, 2025, employees of the Fisheries, Aquaculture and Aquatic Biodiversity Department of

Georgia and the European Union and other commitments beyond it

Activity	Output Indicator	Source of Verification	Responsible Institution	Partner Institution	Implementation Report
					the National Environmental Agency participated in the meeting of the Subregional Group on Stock Assessment of the Black Sea (SGSABS), held in Batumi (Georgia). The event focused on the preparation of data for stock assessments in the Black Sea. With the support of the GFCM, representatives from Germany, Italy, Spain, Bulgaria, Turkey, and Ukraine attended the meeting. On 7-11 July, 2025, employees of the Fisheries, Aquaculture and Water Biodiversity Department of NEA participated in the meeting of the Subregional Group on Stock Assessment for the Black Sea (SGSABS), held in Burgas, Bulgaria. The event was organized and financed by the GFCM. On 22-25 July, 2025, an employee of the Fisheries, Aquaculture and Water Biodiversity Department of NEA participated in the 11th meeting of the Working Group on the Black Sea (WGBS) and the meeting of the BlackSea4Fish Project Steering Committee. The Letter of Agreement between FAO and NEA for provision of “Monitoring, data collection and awareness raising in Georgian Black Sea Fisheries” was concluded on July 11, 2025. Within the framework of the project: - GFCM experts conducted a training of trainers’ session on “Safe Handling and Release of Piked Dogfish and Sturgeons in the Black Sea” at the Batumi office of NEA on 11 September 2025. Relevant guidelines were discussed with specialists from NEA’s Fisheries, Aquaculture and Water Biodiversity Department;
